

Leather cape sleeves specially tanned for heat resistance protect upper body and arms from spark and spatter. Black anodized snaps and rivets do not corrode and prevent flashback. Snaps are reinforced with additional piece of leather while rivets are placed in high stress areas ensuring long life of garment. Designed to coordinate with leather bib attachment.

Features and Benefits:

- Heat resistant leather protects against spark and offers extended wear
- Sewn with Kevlar® thread for strength and durability
- Soapstone pocket on each sleeve for storage
- Anodized reinforced snaps and rivets prevent flashback
- Ideal for heavy welding activity
